

AMERICANS WILL NOT BE BLUFFED

COMMISSIONERS TO PARIS WILL TAKE NO DICTATION.

If Madrid Authorities Refuse to Give Up Luzon We'll Take the Whole Philippine Group—Affairs at Manila Are Tranquil—Aguinaldo Has Subsid.

Washington, Sept. 17.—[Special]—When the American peace commissioners reach Paris they will find the agents of the Madrid government there with all sorts of schemes for the patching up of the relations between the two countries. The Spaniards will do all in their power to save from the wreck of the kingdom as much as possible. It is understood that they will make no opposition to the surrender of their West Indian possessions, but claim as a reward for their "concessions" in that region the right to retain control in the Philippines, and will strenuously resist the cession of the island of Luzon. The American commissioners, under instructions from President McKinley and his cabinet, will politely but firmly inform the Dons that such an arrangement will be out of the question, and that the United States proposes to assume sovereignty over Luzon, whether the Spaniards like it or not, and if the latter persist in their demands and show an ugly and unaccommodating spirit, the entire group will be appropriated. No bluff of Spain will go; no threat of European interference will be of any avail. The president is sure of his ground. He has the pledge of support from Great Britain and Japan if such support shall be needed, and expects only a formal resistance on the part of the Spanish commissioners.

THE ANNEXATION AT PRESENT

Cubans Are Not Yet Prepared For American Citizenship.

Washington Sept. 17.—[Special]—The American peace commissioners now in session at Havana, report that the Cuban leaders are unanimously opposed to annexation to the United States. They demand independence, and will be satisfied with that alone. They do not seem to comprehend the American system of government—the practical sovereignty of the several states that are yet linked together for the common good. The annexationists on the commission are now convinced that it will be useless at present to attempt the annexation of the island, and favor simply a protectorate with a view to educating the people up to an appreciation of the value and dignity of American citizenship. All careful observers admit that annexation is the ultimate destiny of the island, but that the people are not yet prepared for it.

STERNBERG DEFENDS THE DOCTORS

Replies to the Charges Made Against Army Medical Men.

Washington, Sept. 17.—[Special]—Surgeon General Sternberg today made public a long statement in defense of the medical department of the army. He says: "Numerous letters and newspaper articles have caused a general misapprehension with reference to the responsibility of the medical department. To hold the surgeon general responsible for five hundred or more regimental surgeons appointed by governors of states is ridiculous. The trains going from one part of the country to another are not in any way under the control of the medical department. Neither are the transports under control of this department."

The retirement was conducted in an orderly manner, and everything is now tranquil. The general situation is satisfactory. Sickness is fast decreasing. The Spanish prisoners are confined to the walled city in order to prevent them from perpetrating outrages in the hope of getting the insurgents into disfavor with the Americans.

In front of the Grange hall was a seventy-five-foot iron flag pole, and to the top of this was hoisted today the American flag. At 12 o'clock a repast was not lacking for good things, was in order, and all ate to their heart's content. Good speaking was also included in the day's program. DETROIT WANTS TO COME

Base Ball Experts Desire a Game With Janesville Or Edgerton

The celebrated Detroit ball league has challenged the Y. M. C. A. team of this city for a game to be played at Athletic Park some time next week. Manager Cunningham received a telegram yesterday briefly asking for a game here, and stating that the home team could be accommodated either next Tuesday, Wednesday or Thursday. If the home team does not accept this challenge there is a possibility that the Edgerton man will take it up and play the game in this city.

Manager Cunningham stated this morning that the challenge would be accepted. The question now remains will the Detroit boys meet the Y. M. C. A. or the Edgerton team? Just as a suggestion it would seem that the Y. M. C. A. boys had better turn this game over to the Edgerton nine who are no doubt better able to stand the blow.

ELECTION OF THE ART LEAGUE

Old Officers Are Honored by Being Chosen to Serve Another Term.

The annual business meeting of the Janesville Art League was held yesterday afternoon at the home of Mrs. James Mills. There was a goodly attendance, and art topics formed the chief matters of discussion. The election of officers resulted in the choice of the old board by a unanimous vote. The following were chosen:

President—Mrs. A. E. Tanberg.

Vice President—Mrs. J. F. Fomber.

Secretary—Mrs. R. W. Edden.

Treasurer—Mrs. O. G. Bennett.

There appears to be a growing interest in art matters among the ladies of the city, and during the coming winter the league expects to do much towards fostering a taste for the beautiful. It is probable that a fine art exposition will be held here shortly, to consist chiefly of the works of local wielders of the pencil, brush and needle.

ENJOYED A VISIT TO CHINA

Moy Sing Returns to Janesville After Viewing His Native Land.

Moy Sing, the West Milwaukee street Chinaman, who left Janesville in the spring for the purpose of paying a visit to his old home in China, returned home this week. He reports a pleasant trip over the Pacific, and says that he had no trouble whatever in making himself known to the custom house officials at San Francisco.

While in China Moy Sing visited his parents in Hong Kong, and from what a Gazette representative could learn it appears that the Janesville celestial also called on his own wife and children, who reside in the flowery kingdom.

He also visited Canton, and says that all China looked the same to him as it did the day he left for America several years ago.

PLANS FOR COMING WISCONSIN FAIR

EVERYTHING PROMISES A FINE EXHIBITION.

Live Stock Display Will Be One of the Largest on Record—Races Will Attract Fast Horses From Every Section—Preparations For the Opening Completed.

Milwaukee, Sept. 17.—The offices of the state board of agriculture at the Hotel Pfister present a busy scene, and for the past week from eight to ten clerks have been at work preparing for the fair. Monday morning the officers will move to the fair grounds at North Greenfield.

The live stock department has been fortunate in securing many exhibits from eastern stock owners who are taking their animals to the Omaha exposition. The manufacturers and machinery departments also will be well supplied. One of the features of the fair will be the performance of Ida Leroy, of Cincinnati, a well known aeronaut, who will leap 3,000 feet with a parachute every afternoon except Monday and Saturday. The Midway will be full of interest, among the attractions being Hagenback's trained animals. Prof. Nicollet, a trick bicycle rider, will also give several performances.

C. G. Wilcox, superintendent of the Speed department, was in Milwaukee yesterday. He says the racing at the State Fair this year will lead all previous events of the kind. There are two purses of \$1,500 each to be contested for in the 2:15 and 2:16 classes, and these have been attractive enough to bring to the city some of the best horses east as far as Ohio and west to the Pacific coast. Among the horses which will participate in the races will be Hal Cloud, Roy Wilkes, King of Diamonds and Miss Finlay, with records of from 2:07 to 2:08. There are eighteen entries in each of the races for the big purses.

"One of the best things on the track," said Mr. Wilcox, "will be the handicap planned after the Russian races. It is entirely new in this country and under the system which controls the slowest horse stands a good chance as any of winning. The event is open to horses that have not won a race, and the handicappers are selected by the owners of the horses from their own number, and each horse is given the benefit of what he has done in making up the handicaps, just the same as they do in bicycle races. The purse will be \$500."

Of the new material that has presented itself this year he says it embraces players that will strive hard to hold Wisconsin in the front ranks. In speaking of A. K. LESSONS FROM LOCAL PULPITS

WAR HAS GIVEN PLACE TO THE GOSPEL OF DIVINE PEACE.

The Local Clergy Have Discarded Belligerency and Are Making Efforts to Restore the Equilibrium of Society Upon a Peace Footing—Tomorrow's Services.

In these piping times of peace there is nothing to distract the mind from the contemplation of things that concern the eternal welfare of the human race. With the disbandment of our armies comes the responsibility of restoring those who bore arms to the ranks of citizenship. No better means of re-awakening among them a love for the arts of peace exists than the dissemination of the tenets of the gospel of peace. It is for the interest of the church that a love of peace and the arts upon which it subsists should be fostered, and this will be the aim of the clergy.

The war recently closed will no longer furnish the theme for discussion in the Janesville pulpits. The announcements for tomorrow's services appended will show the themes that are uppermost in the minds of those charged with guarding the spiritual welfare of the people.

AUTUMN COSTUME OF POPLIN FROM HARPER'S BAZAR

Autumn coats are in great variety—short, medium, and three-quarter length—to suit all figures. Many of them, according to Harper's Bazar, show a series of revers, and are belted, with basque effects produced by fancifully shaped hip pieces—another one of the season's modes.

A French gown of the new corded poplin in marine blue is combined with a poplin velours plaid of military gray and shadowy tones of red, a touch of tartan being very fashionable in the new fall costumes. The coat corsage of plain blue has its collar square in the back, and sloping off to wide revers in front, below which are short revers that taper to the waist line, faced with plaid velours, the vest beneath being of cream-colored poplin, trimmed in yoke effect with bands of velvet between insertions of ecrú point de Venise.

The tartan is used also to face the

high turn-over cuffs and the cravat bow is of plaid. The small tailor sleeves have tiny caps of the plaid poplin, and the fancy belt is of cut steel.

The skirt moulds the hips, and has a box pleat holding all the fullness behind. Very narrow at the top, it gradually expands and sweeps outward in fan effect. At the bottom is a flounce, flaring at the front and sides without ripples, the width at foot being four yards. The upper finish is a black velvet piping.

The hat of latticed satin is trimmed with puffy loops and bow of gray blue velvet, through which is thrust a jewelled buckle, while behind is a bunch of curled quills in dull shades of red, blue and gray.

Quantity of material for gown—blue poplin, 6 yards; plaid poplin, 4 yards; cream poplin 3 yard.

PEABODY WILL RIDE HERE

The Fastest Rider Today Among the Amateur Class.

Earl W. Peabody, of Chicago, who is known throughout the land as the fastest bicycle rider in the amateur ranks, has written Secretary E. V. Whiton, Jr., of the Janesville Cycling club, for entry blanks for the race meet to be given here September 30.

Peabody recently lowered the record established by the world-famed Zimmerman. On the local track he promises to make the mile in the fastest time ever known in this city, whether behind horse or wheel.

Not McDougal, of Milwaukee, is also entered. He is considered one of the fastest in the state. Over thirty riders from Wisconsin and Illinois have already applied for entry blanks.

WORK OF COURT STREET CHURCH

RESUME OF THE CONFERENCE YEAR'S LABORS.

Large Increase of Membership By Letter and on Probation—The Financial Condition of the Organization Is Excellent—What Is Contemplated in the Near Future.

Next Tuesday evening is the last quarterly conference at Court Street M. E. church. Next week is the last full week of the conference year. Court Street church has had a year of marked progress. First, the membership has been increased and strengthened. This increase has been almost entirely in the last six months of the conference year. During the first six months of the year only eight joined the church. During the last six months forty-two have joined by letter and twenty-one on probation.

This, together with five, who will join tomorrow or one week from Sunday, will make the good showing of fifty-five, forty-seven of whom have joined in the last six months of the year. By death and through certificate fourteen removed from the church during the first six months. Only three have removed during the last six months. There was accordingly a loss of six during the first half of the conference year and a net gain of forty-four during the last six months.

Encouraging Progress.

The very poor showing of the first half of the year is partly due to the fact that six months previously Court Street had been without a pastor.

As to the finances, the treasurer S. D. Conant, claims they have not run so smoothly as far back as he can remember. Most of the members pay in every Sunday. The Ladies' Aid society has done better than for years. All claims have been met and there is a balance on hand of about \$60. They have been a great help during the year. The officers for the ensuing year are Mrs. H. F. Bennett, president; Mrs. H. F. Bliss, vice president; Mrs. A. C. Thorpe, secretary; Mrs. E. E. Loomis, treasurer. Most of these served last year with marked efficiency.

Auxiliary Societies.

The Woman's Foreign Missionary society has done remarkably well during the year. In the amount raised, it will be one of the first in the state. Miss Jennie Tilton, Mrs. A. C. Hunt, and Mrs. J. M. Bostwick have worked hard to make the labors of the society a success, and have succeeded admirably.

The Epworth League meetings are more largely attended than at the beginning of the year. The Junior League, started during the year, has done excellent work with little ones. The prayer meetings are fully double in attendance what they were at the beginning of the year. The interest in them is increasing. A prayer meeting choir under the leadership of Grace E. Hall, sister of the pastor, has just been organized.

The people responded splendidly to the appeal for a music fund, and the choir service has been exceptionally strong.

The Prospects Bright.

Altogether the retrospect of the year is pleasing, and the prospect of the year to come is still more encouraging. The church and pastor recognize that there's still land ahead and much to be accomplished, but in view of the sure progress being made, all are full of hope.

Healed the Wound

Abscess Was Lanced but Would Not Heal Until Hood's Sarsaparilla Purified His Blood—Now a Healthy Boy.

"Our little boy had a large abscess on one side of his head, back of his ear. It became as large as a pint cup. We had it lanced, but it seemed as though the wound would never heal. It would get better for a short time and then would break out again. The boy's body was covered all over with itching pimples and blotches. We decided to give him Hood's Sarsaparilla, and to our great joy, it has entirely cured him. He was always a weak and puny child, but since taking Hood's Sarsaparilla he is strong and rugged, and as healthy a boy as anyone could wish to see." T. L. JONES, Bluffton, Minnesota. WEEKLY REVIEW OF TRADE.

Business Progresses in Spite of Difficulties.

CONSUMING DEMAND LARGE.

Orders That Were Held Back During the Progress of the War Are Coming Forward with a Rush—Failures Show a Decrease.

New York, Sept. 17.—R. G. Dun & Co.'s Weekly Review of trade says: "Business is passing through the difficulties that attend the winding up of a war, which are generally greater than those involved while war is in progress. The rush of orders kept back while war lasted by those who thought it shrewd not to take any chances has lifted prices a little and caused a larger demand for the time than can continue, but though it has passed there is an evidence that the consuming demand is very large.

"Wheat has come forward much more freely, and the price has advanced 2 cents. It is supposed that the advance is largely due to milling demand coming upon a narrow supply. Exports are large—3,007,976 bushels, flour included, from Atlantic, and 201,052 bushels from Pacific ports, and for two weeks 5,697,320 bushels from both coasts, against 10,796,853 last year. Receipts of wheat for two weeks of September have been 14,663,895 bushels, against 14,697,106 last year.

"Tin is quiet at 16.05 cents and lead at 4 cents, with copper strong at 12½ cents and spelter at 4.80 cents, in spite of a sensational rise at London. Heavy sales ahead have blocked the project for a tin-plate trust at present.

"Failures for the week have been 174 in the United States, against 204 last year, and 23 in Canada, against 40 last year."

THE SURGEON'S KNIFE

Once Believed to Be the Only Cure For Piles and Rectal Diseases.

A Better Way Now Discovered Which Cures Every Form Of Piles Without Pain Or Inconvenience.

Many people suffer the pain, annoyance and other serious results from piles, for years, and after trying the many lotions, salves, ointments and many so-called cures without cure or relief, give up the hope of a final cure, rather than submit to the intense pain and danger to life which a surgical operation involves.

Happily all this suffering is no longer necessary since the discovery of the Pyramid Pile Cure, a remedy which is approved by the medical profession as being absolutely safe, free from any trace of opiates, narcotics or mineral poisons and which may be depended upon as a sure cure, (not merely relief) in any form of piles, whether itching, blind, bleeding or protruding. Some of the hundreds of cures recently made are little short of marvelous: as a personal of the following will demonstrate.

Major Dean of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectually cured me.

Dr. J. W. McLean, Leonardville, Kan., writes: "I have used a box of Pyramid Pile Cure and received more benefit and relief than from any other remedy I have used in the past twenty years."

James Jamerson, Dubuque, Iowa, says: I suffered for six years; have just used the Pyramid Pile Cure and am a well man.

Mrs. M. C. Hinkley, 601 Mississippi street, Indianapolis, Ind., says: Have been a sufferer for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in short time a complete cure.

The Pyramid Pile Cure may be found at druggists at 50 cents and \$1 per package. A book on cause and cure of piles will be sent by mail by addressing the Pyramid Drug Co., Marshall, Mich.

Burr Oak Failure a Bad One.

Sturgis, Mich., Sept. 17.—Assignee Himebaugh of the Parsons bank in Burr Oak has made a statement that the creditors of the bank would in all probability receive ten cents on the dollar. The cash in the vaults was counted and it was found that there was \$250 on hand, although from \$12,000 to \$15,000 had been deposited in the last few days.

Sultan Tricks an Old Trick.

Constantinople, Sept. 17.—The sultan is exceedingly irritated by Admiral Noel's action. Whether he succeeds in thwarting the admiral depends on his ability to set the powers at loggerheads. The sultan and porte seem to be trying to excite jealousy of Great Britain's single-handed action, and it is said in some quarters that they have succeeded.

Revenue Collections of August.

Washington, Sept. 17.—The monthly statement of the collections of internal revenue show that during the month of August the total receipts amounted to \$27,804,573, a net increase, as compared with August, 1897, of \$8,331,710.

FRANCE TO BE THREATENED.

Kitchener will Send an Ultimatum to Major Marchand.

London, Sept. 17.—A dispatch to the Daily Telegraph from Cairo says that Gen. Sir H. Kitchener, commander of the Anglo-Egyptian expedition in the Sudan, intends to send an ultimatum to Maj. Marchand, the French officer who is occupying Fashoda, demanding that he quit that place forthwith. If the French open fire on the British, it will be instantly returned and Fashoda will be occupied by Gen. Kitchener.

The Morning Post has a similar dispatch from Cairo. It adds that Gen. Kitchener is absolutely authorized to claim Fashoda as Egyptian territory.

Threats of Paris Papers.

Paris, Sept. 17.—The Echo de Paris, in an article on the situation in Africa, says that Gen. Kitchener would not dare to fire upon the French force under Maj. Marchand at Fashoda, for France is behind that force for good or bad. Great Britain, the paper declares, must consent to a European conference unless she wants war.

The Journal urges inflexibility on the part of France, as the surrender of Fashoda would cause the downfall of the government.

Liberte and Le Temps contend that Fashoda was open to the first comer.

Aid for Hurricane Victims.

Kingston, Jamaica, Sept. 17.—The hurricane of Sunday was undoubtedly the worst visitation of the kind experienced by the West Indies during the century, both in violence and extent. Details received from St. Vincent show that out of a population there of 41,000 300 were killed and 20,000 injured and rendered homeless. Even these latter are starving. Relief funds are being raised in response to an appeal from the governor of St. Vincent.

No details of the work of the hurricane have been received from Guadeloupe.

Bridgeport Mystery Solved.

Middleboro, Mass., Sept. 17.—The mystery surrounding the murder of the woman whose dismembered body was found in the Bridgeport pond last Monday is clearing. The woman has been fully identified as Marion Grace Perkins, daughter of Frank Perkins, an engineer, living at Middleboro. Who the murderer is is not known officially. No arrests have been made thus far.

Charged with Killing.

Monongahela City, Pa., Sept. 16.—Sheriff Kennedy and a posse of six deputies arrested Miners' Vice President Dodd and 41 strikers on Friday charges of riot, inciting riot, and assault and battery. A large crowd witnessed the arrest and there was great excitement, but there was no disorder. The strike situation is quiet.

Heavy Claims Against Spain.

Washington, Sept. 17.—At the state department there have been filed thus far claims of American citizens for Cuban property destroyed by Spain aggregating at least \$20,000,000, and the total will reach three times that sum. All these will go before the subcommittee to be created by the treaty, and there will have final adjudication.

Increase in the Circulation.

Washington, Sept. 17.—During the first fifteen days of September about \$6,000,000 worth of government bonds have been deposited with the comptroller of the currency as a basis for national bank circulation, increasing the circulation \$4,848,660.

Another Place for Roosevelt.

San Francisco, Sept. 17.—The regents of the University of California have not indicated who is likely to succeed Dr. Kellogg as president of that institution. Among the men mentioned for the place are Theodore Roosevelt and Albert Shaw, editor of the Review of Reviews. The general impression, however, is that some member of the faculty will receive the honor.

Thousands Are Homeless.

Vancouver, B. C., Sept. 17.—Relief still comes to fire-stricken New Westminster. Mayor Owens of New Westminster has written the mayor of Vancouver, saying: "A careful estimate places the number of homeless people at about 2,500 and the number of business houses and homes destroyed at 500. The loss will reach fully \$2,500,000."
